22	SSK/0007829	MD SHAHWAZ ALI	29-May-2019	First of all this marks basic selection should be removed because marks basic can not be judge of talent, there is a lot of fake college which gives certificates by taking money and also marks, so talent can not be judge by marks. If this is now marks basic selection happens, thieves and fake employees will remain in our state government, so our state can never develop. so I request to you please chance to talented people which can be possible only from the competition. There is saying proverb that seems to be true now "not far away from the day when the thief will be more intelligent than the police" we have the right to choose by our talent , there is a lots of example in my eyes where talent has been suppressed and power and money got chances. those who have power and money got job and talented people always pushes back, So I request to you please give a chance to myself.
